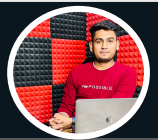
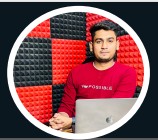
Your mindset towards sales matters alot in generating your results.



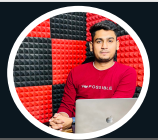
#4:- sales Psychology.

Sales rule 1 : People love to buy but hate to be sold.



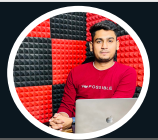
Sales rule 2 : "Approach Each Customer With The Idea Of Helping Him Or Her To Solve A Problem Or Achieve A Goal, Not Of Selling A Product Or Service."

- Brian tracy.



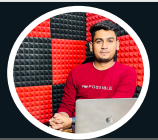
You will get rich by giving society what they want but doesn’t know how to get.

- Naval ravikant.



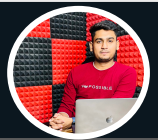
The secret of selling start with one thing,

And one thing is understanding your customer.



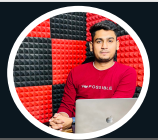
If You are good at what you do .
If you know the offer can help them .

And if you believe in what you sell .
Then You have an Ethical Obligation to sell .

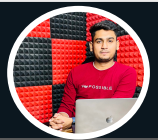


Overall, People Don’t want to take Bad Decision .

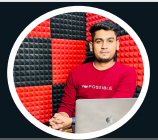
That’s why they always afraid to Purchase .



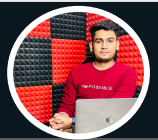
All the Price resistance is in the MIND of Closer, Not the Buyer.



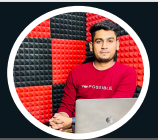
Sell on Value,
Don’t sell on Price.



Sell cure, **Not Prevention.**
Sell futures , **Not features.**
Sell transformation , **Not Information.**

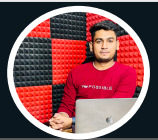


Selling is 80% People ,
& 20 % Product .



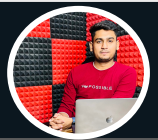
People Have very less decision Taking Ability .

Make them 100% Confident that this Product will get him / her , What they wants .



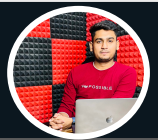
People Don’t Buy Vitamins ,
They Buy Health .

A = Ask the problem .
R = Recommend your Product .
C = Close him .



Sales rule 101 : Don’t Desperate For sales.

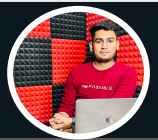
If they get to know , You are desperate , They will walk away & They don’t Buy from You .



People afford what they want to afford

Main reason why people don't Buy from you is NOT Money .
If your customer really want your Product anyhow they will arrange .

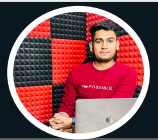
But many times, we buy their excuses and we don't push them & don't give them multiple reasons to buy the product.



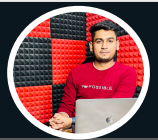
People buy what they want, They don't buy what they need.
Sell what they want, provide what they need.

Need = Logical .

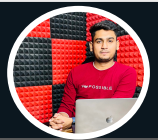
Want = Emotional .



Establish trust is Better than any sales Strategy.



Try to Observe & Imagine sales in Your Daily Life .



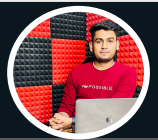
Powerful Money beliefs you must have.

1:- You must decide , You want to make a Lot of money And Be ashamed of it.

2:- You must decide , You want to make a Lot of money And You feel guilty about It.

3:- You must decide to do whatever it takes to continue mastering various skills , so you could Earn More money .

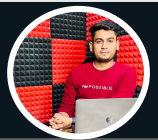
4:- You must to be asked for Big money .



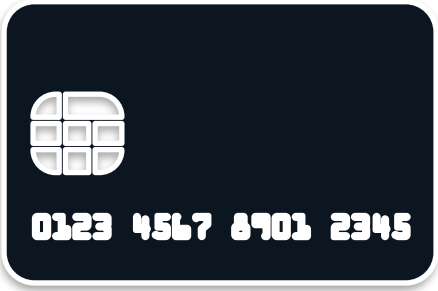
People make money because they want to spend money.

People make money because they want to invest money.

Means, people make money so that they can buy products & services like yours.



Buying Behaviour of customer.



Your customer needs 3 C's

1:- Confidance =

2:- Conviction =

3:- Clarity =

Your customer needs 3 C's

1:- Confidance = Self.

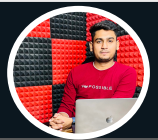
2:- Conviction = Reagrding Product.

3:- Clarity = Regarding Benifit.

#4:- 5 Psychological sales principles.

➡️ Closing sales isn't just about chasing people Minds ,
Its about Understanding Why people make decision .

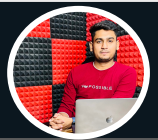
➡️ Selling yourself 1st , is the Most imp sales you have to Make .



Principle 1 :- Engage , Empathise & Listen .

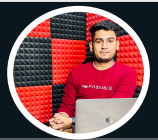
- Top sales Person are often natural Relationship Builder .

- People don't buy just with their mind (Logic) But also with their Emotions. Usually they make the Emotional Commitment to Buy first and look for a Logical Reason to support that Decision.



1 :- Empathy is Powerful =

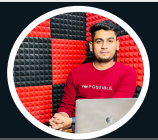
- Show the customer you really understand him or her . You can say “I Was on the same Boat until I Discovered this ” .
- Show them you really understand the situation .
- Make them Comfortable while talking to you .



2 :- Listen , listen , listen.

- The less you Talk the More you sell " .

- Engage In their Talk
- Listen = Understanding your Customer situation .
- Don't just pitch the product , Ask Questions and Let them open up .
- 80% of the time they will speak & 20% times yours,



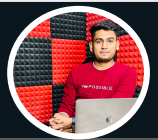
3 :- Demonstrate expertise.

- People Buy from whom they Know , Like & Trust " .

- You have to Demonstrate that , You know What You are taking about .

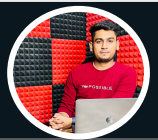
- You have to Build up your Authority .

- Show them yourself as an Expert & Make them understand By examples .



Principle 2 :- Tap into Pleasure & Pain Principle

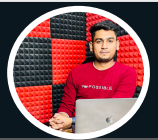
- A Significant portion of Human Behaviour is Explained by Pleasure – Pain Principle .
- Humans do whatever they can , To increase Pleasure & Avoid Pain .
- Tasty Food , Luxury Hotel = Pleasure Oriented
- Life Insurance , Tax service = Avoid Loss



- When companies sell car , Travel Package , Clothing Or Home Decoration . They are selling Pleasure in one form to another " .

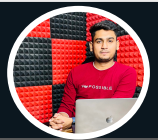
- When they sell Medical devices , Home remedies , Or Tax service , They are almost always telling customer , How to avoid pain & Reduce pain .

- Try to find Pain & Pleasure in your Product OR in your Business .



Principle 3 :- Social Proof .

- People Always Believe in Social Proof .
- Display How many customer , subscribers , Users , Visitor , Follower u have .
- Display how many people are Buying your Product .
- Ask Your Customers to Give reviews .
- Always talk in Numbers .

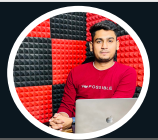


Principle 4 :- Tap into Authority with Influencer Marketing.

- If people see you as a Authority , They definitely love to buy from you Because they are seeing you as an Expert .

- Even sometimes You can Borrow Authority From someone Else such as Respected Expert or Celebrity. Getting an Influencer to vouch for your Product / service can be Quick way to gain Credibility , Especially if you have a positive Results .

- Celebrity is Totally different Person from a Ordinary Guy , That's why its Beneficial to have large Instagram Followers . That's why Big Brands hire Celebrities that their customer like .

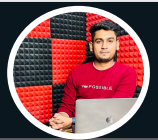


- One Reason this Works is that People often don't have time to do Own research , so they like to rely on Expert OR tell them what to think or Buy .

- That's why I always said , Start Collaboration with People .

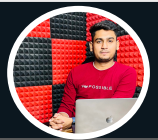
- Try to use this Concept in Your business , Acc to your Level .

- Build Your Personal Brand & Build Authority in Your niche .



Principle 5 :- Use Scarcity & urgency.

In Week 2, I already explained about the supply & Demand.

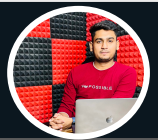


Principle 5 :- Use Scarcity & urgency.

- When an Item is scare then Price Increase .
- When its Plentiful , Prices fall.

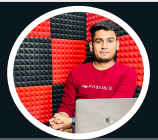
- No matter what you are selling ; its crucial to create the impression low .
  -> the suppliers are Low .
  -> The price is about to rise .
  -> The offer will soon Expire .

- Why scarcity ? :- Because people think they have all the time in the world to make up Their minds , They tend to procrastinate .

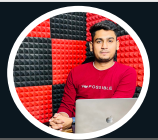


Urgency is about time. (7:00 PM)

Scarcity is about Number. (4 SEATS LEFT)



Sales rule 101 : People always Take decision On the Basis of Emotions But they Justify with Logic .



#5:- MTNUT Principle

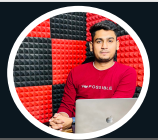
M = Money

T = Time

N = Need / Interest

U = Urgency

T = Trust.



🟥These are the 5 reasons why people don't buy.

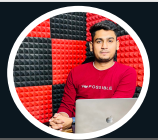
M = Money = They don't have money.

T = Time = They think they don't have time.

N = Need / Interest = They think they don't need.

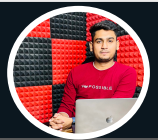
U = Urgency = There is no urgency.

T = Trust. = They don't trust you.



In case, If sale does not happened

Ask yourself,
(What could be the reason & what could I have done better?)



Task for you…….

1:- Re-watch this training.

2:- Make yourself understand all the concept.

3:- Make proper notes.

Any question?
